Additional accommodation for the civil courts
in the 5th floor building Bangalore
Office of the Dewan of Mysore.

NOTE.

Dated.....13th July.....1926

The accompanying cutting from the Mysore Law Journal of June 1926 is forwarded, with compliments, to the Secretary to Government Local & Legislative Departments.

2) The Dewan will be glad to have a note on the suggestions made.

By order,

[Signature]

Private Secretary to the Dewan.

sd.

The requirements are:

- (1) Separate court building for the civil and Criminal Courts in the Bangalore city.
- (2) A ~~big~~ bicycle stand with an attendant with the ticket equipment
- (3) A more commodious room for the Advocates of the Chief Court in the Public Offices building.

4) It is a question of cost to have a separate

VOL. IV]

JUNE 1926

[No. 6

THE DEWAN'S VISIT TO THE CIVIL COURTS: The Dewan of Mysore, Amin-ul-Mulk Mr. Mirza M. Ismail, C.I.E., O.B.E., paid a surprise visit to the civil courts in Bangalore City on Thursday, the 10th June 1926. It is most gratifying that the Dewan was pleased to go round the several courts and see things for himself as to the working of our courts. His solicitude for the welfare of the subjects of His Highness the Maharaja and his resolution to do lasting good for the country are well known and they are reassured in his eloquent, patriotic and promising address to the Representative Assembly.

The Dewan must have been impressed with the accumulated arrears of work, the congested court atmosphere, where it is so difficult for a practitioner or a litigant to make his way to the court-hall when his case is called and the urgent need for improvements all round in the judicial administration of the State. We mention here certain urgent measures which are necessary in the interests of the ordinary litigant, the legal practitioners and the officers and staff of the Judicial Department.

So far as Bangalore is concerned the District Office building in which all the subordinate courts are located is absolutely unsuited for the purposes. In order to provide the necessary comfort and convenience to the litigants as well as the members of the legal profession and the presiding officer, a court-hall must be decently large to afford easy accommodation to all who usually go there. Adjoining the court-hall there must be the court-office and the judge's chambers. If the court office and the court are located in two different floors of

Serial
No

5) Compound which was intended for the Courts was handed over to the Central College and the College Union building has been utilized for the location of the Special Magistrates' Courts and the Income Tax office. Even this building does not provide accommodation for parties and witnesses, but as the verandahs are spacious they may be made use of. The Central College may require a separate building in case they are asked to vacate the building within the office compound. At any rate, a building seems necessary. The Chief Engineer may be asked to prepare plans and estimates for a separate Court building if approved.

The question of having a separate building for law courts was considered some years ago & was dropped. The papers seem to be in the P.W. Dept.

6) As regards a bicycle stand within an attendance the Chief Court can provide ^{the same} and they may be asked to take action. The cost is not very great and can perhaps be given effect to as early as possible.

7) As for a more commodious room for the Advocates of the Chief Court, it is very difficult. The room that is now given has been shared. The Registrar, General and Revenue Dept may perhaps be consulted as to whether any bigger room near the Chief Court Block can be made available for the Advocates.

Ind for orders.

8) Just go round the premises & put up a note.

16/7/26
Am
15/7

9) Out of the several Courts that are located in the Dist Office building there is not much room for complaint as regards

Serial
No.

4 of them - viz, the Dist Magistrates' Court, the Dist Judges' Court, the Court of the City Magistrate & the 1st Munsiffs Court, ~~and~~ ~~are~~ these Courts are in the wings of the building, with fairly spacious halls & covered Verandahs on two sides. Light & Ventilation are also satisfactory. The complaint in the Law Journal is quite true of the other Courts. The Hall of the Second Munsiffs Court, for example, is so small that the horse-shoe table intended for the Members of the Bar, fills practically the whole of the hall. Not much room is left for parties & witnesses connected with cases. For Ventilation & light, there is a hole bored in the ceiling. There is no accommodation for witnesses & as there is neither a separate room, nor a Veranda. The Additional Munsiffs Court & the Sub-Court are no better. All people connected with the Courts & the several offices are said to assemble in a quadrangle, as a result of which there is noise & disturbance to work. That parties & witnesses do not appear when called, is reported to be a fact & sometimes suits have been ~~dismissed~~ disposed of Ex-parte, because a party does not hear when he is called & stays away.

(6) There are some special Magistrates' Courts located by the side of the Central College Hostel. The accommodation is enough there & the remarks do not

General and Revenue
Secretariat

File No. 45

of 1926-27

Serial
No

apply to them.

11) The question of a suitable building for all the Courts has been considered more than once & dropped—probably on account of the cost involved. The files are in the P.W. Sectt. The Chief Court have all along been averse to quitting the Old Public Offices. The New Public Offices were once intended for the Courts. The idea fell through. The new structure in the Distt Office Compound was once given over to Courts & a few minor Offices. The University stepped in & the Courts had to go to another building.

12) It is very desirable to have all Courts in a single building; but the construction of such a building is perhaps out of the question ~~now~~ just at present. The Courts are in three different buildings which is inconvenient for lawyers & perhaps parties also. The Courts located in the Distt Office building are certainly not quite convenient — except the four already noted — as regards accommodation, light & ventilation.

13) The suggestion of an attendance for Cycles &c may perhaps be adopted. As the convenience is to be provided not only by the Courts, but also by the several Offices located in the building, the Deputy Commissioner may perhaps be asked to see to it.

It is possible that some of the Courts, maybe transferred to convenient taluks, ~~such~~ such as Chaspet or Changanabata, when the congestion may be relieved. The Report of the Civil Justice Committee is awaited.

File No.

14 The room given to the members of the Bar, (near the Chief Court-) could be made available with difficulty & the Registrar (Sectt) maybe consulted, if any better accommodation is available. As regards other conveniences, ~~the Registrar & Chief Court~~ - e.g. Chairs, table &c for the room placed at the disposal of the members of the Bar, the Registrar of the Chief Court will have to do it.

d + L Sec)

any

15

The chief complaint is that the Court Halls of 2nd Municipal Court, & Additional Municipal Court are very small & ill-ventilated, that there is real inconvenience caused by ~~the~~ some of the officials of Sub. Court working in the down floor while the Sub. Court is being held on the 1st floor, & that there is no accommodation for parties & witnesses attending the 2nd & Additional Municipal Court.

16 There are two courses open to
relieve the inconvenience caused.

First, we might await the report of Laws Delays Committee which might be expected to be received by the end of August.

After this report, the question of locating these Mississippi Courts in

of 1926-27

Serial
No.

From

The Chief Engineer. Letter no 61418.5-1-27.
States that the cost of preparing and supplying
wooden stands for 100 cycles to the offices located in
the D. office building is estimated at Rs 480/- and
that the cost may be debited to the contingent fund
of the respective offices that require to be supplied
with stands.

Subd

49) It is not known whether it is intended to
have a stand located in a particular place
in the D. office building and all the offices
in the D. office building are asked to contribute
to the cost. If no, one person is sufficient to
take care of the cycles. If separate stands
are to be given for each office such as I mentioned
cont. the city magistrate's court etc, a separate
person is required for each set of the office.
The cost on account of persons will be much and
no source is available to meet such cost. If
only one person is ordered, the cost of the person may also
be allocated to all the offices in the D. office building,
the person being under the control of the Dy. Comr.
Otherwise, the Dy. Comr. may be asked to make a person
for orders -50)

It has first to be ascertained
whether a single stand or a number
of them are proposed to be given. The
Chief Engineer may be asked whether his
estimate is for a single block of 100 cycles or
whether there are several blocks making up the

Serial

Bangalore.

SIR.

With reference to correspondence ending with your No.P.4348,
dated the 26th February 1927, I have the honour to forward herewith,
your information, a copy of letter No.981 dated the 28th February 1927
received from the Executive Engineer, Bangalore Division, reporting the
places where it is proposed to provide cycle stands in the District -
Office building and the number of such stands to be fixed in each place.

I have the honour to be,

Sir,

Your most obedient servant,

John B. Bore 10.3.27

Chief Engineer of Mysore.

Letter No.981 dated the 28th February 1927, from the -----
Executive Engineer, Bangalore Division, to the Chief Engineer of
Mysore.

With reference to your letter No.7503 dated the 10th
February 1927 calling for a report regarding the cycle stands for
the Deputy Commissioner's Office, Bangalore, I have the honour to
report that it is proposed to have twenty cycle stands each to --
hold 5 cycles in the District Office. Ten stands for 50 cycles
will be fixed on the north side of District Police Superintendent's
Office towards the north Portico. In the ground floor front ----
verandah there will be five stands for 25 cycles and in the first
floor the rest of the five stands for 25 cycles.

Sir,

With reference to your letter No. P. 36050/cts 45-26-5 dated 20 January 1927 requesting and subsequent reminder communication No. P. 5078 /cts 45-26-7- dated 29th March 1927 requesting to furnish my opinion in the matter of providing cycle stands near the District--- Office buildings, I have the honour to state the marginally noted -

~~Additional Munsiff Bangalore~~	officers who were consulted in
First Munsiff.	
Subordinate Judge	this behalf say that no cycle
-----	stands necessary as few offi-

cials own cycles. There is not enough room to have a stand for 100 cycles to be located at one place. Hence they will have to be distributed over the different offices as proposed by the Executive Engineer

Two watchmen will be necessary, one near the Police Superintendent's office and the other in the ground floor front verandah. For the cycles near the Superintendent's office a police constable may be deputed. For the front verandah a watchman will have to be entertained and his pay being distributed among several offices located in the building.

I have the honour to be
Sir,
your most obedient servant,
N. Mathavareu
Assistant Commissioner
For Deputy Commissioner,
Bangalore District.
